

**FORMATO EUROPEO
PER IL CURRICULUM
VITAE**

INFORMAZIONI PERSONALI

Nome **MARIA ELVIRA MANCINO**
Indirizzo Via delle Pandette 9, edificio D6, 50127 Firenze
Telefono 0552759660
Fax
E-mail mariaelvira.mancino(AT)unifi.it

Nazionalità Italiana

Data di nascita 31 OTTOBRE 1966

ESPERIENZA LAVORATIVA

- Nome e indirizzo del datore di lavoro
Tipo di azienda o settore
 - Tipo di impiego
- Principali mansioni e responsabilità

Ricercatore Universitario SSD A02.B Probabilità e Statistica Matematica
Dipartimento di Matematica per le Decisioni, Università di Firenze
1 Novembre 1993 - 31 Ottobre 2000

Professore Associato SSD SECS.S06 Matematica per le Applicazioni Economiche, Finanziarie, Attuariali e Sociali
Dipartimento di Matematica per le Decisioni, Università di Firenze
1 Novembre 2000 – 31 Ottobre 2006

Professore Ordinario SSD SECS.S06 Matematica per le Applicazioni Economiche, Finanziarie, Attuariali e Sociali
Dipartimento di Matematica per le Decisioni, Università di Firenze
1 Novembre 2006 – 31 Dicembre 2012
Dipartimento di Scienze per l'Economia e l'Impresa, Università di Firenze
1 Gennaio 2013- presente

Professore a contratto
Scuola Normale Superiore Pisa,
1 Novembre 2015 – 31 Ottobre 2020

Presidente della Commissione ASN 2018-2020 per il SC 13/D4

Membro della Commissione parallela ASN 2016-2018 per il SC 13/D4

Presidente della Commissione di Indirizzo e Autovalutazione del Dipartimento di Scienze per l'Economia e l'Impresa 2016-2020

Presidente del corso di laurea magistrale in Finance and Risk Management, Università di Firenze
1 Novembre 2012 – 31 Ottobre 2020

Direttore del Dipartimento di Matematica per le Decisioni, Università di Firenze
1 Novembre 2008 – 31 Dicembre 2012

Membro del collegio dei docenti del programma di Dottorato "Metodi computazionali e modelli matematici per le scienze e la finanza", Scuola Normale Superiore di Pisa

1 Novembre 2019- presente

Membro del collegio dei docenti del programma di Dottorato Nazionale
“Scientific, Technological and Social Methods Enabling Circular Economy”, Università di Padova,
2022- presente

Membro del collegio dei docenti del programma di Dottorato “Matematica per la Finanza”,
Scuola Normale Superiore di Pisa
1 Novembre 2015- 31 Ottobre 2019

Membro del collegio dei docenti della Scuola di Dottorato Fibonacci,
Università di Pisa
1 Novembre 2006- 31 Ottobre 2012

ISTRUZIONE E FORMAZIONE

Laurea (BA+MSc) in Matematica, Università di Pisa
Summa cum Laude
1 novembre 1985 – 23 Marzo 1990

PhD in Matematica, Università di Trento
1 Novembre 1990 – 31 Ottobre 1994

CAPACITÀ E COMPETENZE PERSONALI

MADRELINGUA **ITALIANO**

ALTRE LINGUE

INGLESE: BUONO, BUONO, BUONO
FRANCESE: BUONO, ELEMENTARE, BUONO

ALLEGATI : CURRICULUM VITAE (English Version)

Affiliation

Department of Economics and Management
University of Firenze
Via delle Pandette, 9
50127 Firenze, Italy
ph. +39-055-2759660
Email: mariaelvira.mancino@unifi.it

Education

BA-MSc in Mathematics - University of Pisa (1990). Summa cum Laude.

PhD in Mathematics - University of Trento (1994). Field of study: Anticipative Stochastic Integrals and Malliavin Calculus. Supervisor: Prof Giorgio Letta.

Academic Positions

Permanent Assistant Professor of Probability and Mathematical Statistics,
Department of Mathematics for Decisions, University of Firenze, 1993 - 2000.

Associate Professor of Mathematical Methods for Economics, Actuarial Sciences and Finance,
Department of Mathematics for Decisions, University of Firenze, 2000 - 2006

Full Professor of Mathematical Methods for Economics, Actuarial Sciences and Finance,
Department of Mathematics for Decisions, University of Firenze, 2006 - 2012

Full Professor of Mathematical Methods for Economics, Actuarial Sciences and Finance,
Department of Economics and Management, University of Firenze, 2013 - present

Adjunct Professor of Mathematical Finance, Scuola Normale Superiore Pisa, 2015 – 2020

Institutional Services

President of the national ASN 2018-2020 committee for the research field 13/D4 "Mathematical Methods for Economics, Finance and Actuarial Sciences"

Member of the parallel national ASN 2016-2018 committee for the research field 13/D4 "Mathematical Methods for Economics, Finance and Actuarial Sciences"

Head of the Committee of Indirizzo e Autovalutazione of the Department of Economics and Management, University of Firenze (November 2016-October 2020)

Director of the Master of Science in Finance and Risk Management, University of Firenze (November 2012 –October 2020)

Head of Department of Mathematics for Decisions, University of Firenze (01/11/2008 - 31/12/2012)

Member of the PhD Committee for the program Metodi computazionali e modelli matematici per le scienze e la finanza, Scuola Normale Superiore di Pisa since 2019

Member of the PhD Committee for the National program Scientific, Technological and Social Methods Enabling Circular Economy, University of Padova, since 2022

Member of the PhD Committee for the program Matematica per la Finanza, Scuola Normale Superiore di Pisa (2015-2019)

Member of the PhD Committee for the Fibonacci PhD School, University of Pisa (2006-2012)

Main visiting positions

UFR Mathématiques, Univ. Paris Diderot, ENSIIE, Paris, France (2020). Invited by Prof Simone Scotti (1 month)

Department of Mathematics, Univ. Paul Sabatier, Toulouse, France (2009). Invited by Prof Monique Pontier (1 month)

Department of Mathematical Sciences, Ritsumeikan University of Kusatsu, Japan (2003, 2010). Invited by Prof S. Ogawa and Prof J. Akahori

Université Paris VI, Lab. Stochastic Analysis, Paris, France (1996). Visiting researcher invited by Prof Paul Malliavin, funded by CNR. (3 months)

Stanford University, Dept. of Mathematics. Stanford, USA. (1992). PhD visiting student of Prof Kai Lai Chung (3 months)

Post-doc supervision

2011-2012 Post-doc supervision (1 year) co-founded by Comune di Firenze "Struttura di capitale delle imprese innovative nel territorio di Firenze", Dr Flavia Barsotti

2014-2015 Post-doc supervision (1 year) "Modelli quantitativi per l'economia, la finanza e le scienze attuariali", Dr Valeria Bignozzi

2017-2018 Post-doc supervision (1 year) "Modelli quantitativi per l'economia, la finanza e le scienze attuariali", Dr Erindi Allaj

June-December 2018 Post-doc supervision (6 months) "Financial risk measures with high frequency data", Dr Immacolata Oliva

2020-2022 Post-doc supervision (2 year) "Technical analysis learning and management of financial market information for financial decisions", Dr Giacomo Toscano

2021-2023 Post-doc supervision (2 years) "BEEkeepers Weather indexed INsurance", Dr Elisa Giovannini

2022-2023 Post-doc supervision (1 year) "BEEkeepers Weather indexed INsurance", Dr Elia Smaniotto

2024-2025 Post-doc supervision (1 year) "An environmental index for assessing climatic risk impact on ecosystems service provision", Dr Francesco Campigli

Editor activity

Guest editor for a Special Issue of Decisions in Economics and Finance, Springer, on "Quantitative developments in financial volatility - theory and practice" (2019)

Projects and Research Evaluation

Referee for Firb projects 2012

Referee for research awards and local research projects 2013 (University of Venezia)

Monitoring and valuation for the project FutureInResearch, RTD-A SECS-S/06, 36 months (2017-2019) Regione Puglia and Department of Scienze per l'Economia, University of Salento

MIUR Funding

Local Coordinator (University of Firenze) "Credit risk" Miur Research Project PRIN 2006

Component: "New indicators of financial market instability", GNAMPA (Istituto di Alta Matematica), 2018

Principal Investigator: "BEEkeepers Weather indexed INsurance project", Ministero delle politiche agricole, alimentari e forestali (9/11/2021-8/11/2023)

Component: Well-Being Tourism - Advancing understanding of well-being tourism, drawing upon the European biocultural heritage, Seed funding call - European University Alliance EUniWell (01/04/2021 - 31/12/2022)

Principal Investigator: PRIN PNRR 2022 "Honey BEE VOLatility: An environmental index for assessing climatic risk impact on ecosystems service provision" (11/2023- 10/2025)

Coordinator KA171 with Hanoi University (Vietnam) (8/2023-7/2026)

Prizes and Award

Best paper awards JSIAM Letters, (2012)

Principal tutor for PhD dissertation:

Flavia Barsotti, "Optimal Capital Structure with Endogenous Bankruptcy: Payouts, Tax benefits Asymmetry and Volatility Risk", discussed on June 2011, Fibonacci PhD School, University of Pisa. Awarded with the 2nd edition of Best PhD Thesis Award of UniCredit & Universities Foundation. Co-supervised by Prof Monique Pontier.

Matteo Del Vigna, "Information Asymmetry and Equilibrium Models in Behavioral Finance", discussed on January 2012, Fibonacci PhD School, University of Pisa. Cosupervised by Prof Luciano Campi.

Imma Valentina Curato "Non parametric estimations of volatility of volatility and leverage using integral transforms", discussed on October 2013, Fibonacci PhD School, University of Pisa.

Giacomo Toscano, "Non-parametric estimation of stochastic volatility models: spot volatility, leverage and vol-of-vol. Four essays on asymptotic error distributions, finite-sample properties and empirical applications", PhD in Mathematical Finance, Scuola Normale Superiore, discussed on March 2021

Tommaso Mariotti, PhD in Computational methods and Mathematical Models for Sciences and Finance, Scuola Normale Superiore discussed on February 2024

Enrida Ndreu, expected 2026, PhD in Social Sciences for Sustainability and Wellbeing, Dept. of Economics and Management, University of Firenze.

Committee for PhD dissertation:

Inga Baadshaug Eide, PhD in Mathematics, Oslo University, (2009)

Luca Sitzia, PhD in Economics University of Torino (2012)

Gianbiagio Curato, PhD in Mathematical Finance, Scuola Normale Superiore (2015)

Adam Majeski, PhD in Mathematical Finance, Scuola Normale Superiore (2015)

Tommaso Colozza, Fibonacci PhD School, University of Pisa (2015)

Marcello Rambaldi, PhD in Mathematical Finance, Scuola Normale Superiore (2017)

Giuseppe Buccheri, PhD in Mathematical Finance, Scuola Normale Superiore (2018)

Luca Cattivelli, PhD in Mathematical Finance, Scuola Normale Superiore (2019)

Francesco Cordoni, PhD in Mathematical Finance, Scuola Normale Superiore (2021)

Tonio Mollmann, PhD in Mathematical Finance, Scuola Normale Superiore (2022)

Andrey Shternshis, PhD in Mathematical Finance, Scuola Normale Superiore (2023)

Makar Pravosud, PhD in Mathematics at Pompeu Fabra, Spain (2024)

Teaching Activities

Bachelor courses: Basic Calculus, Linear Algebra, Financial Mathematics, Mathematical Statistics, Probability Theory

Master courses: Advanced Calculus, Measure Theory, Stochastic Processes, Stochastic Calculus for Financial Applications, Portfolio Theory, Quantitative Finance and Derivatives

PhD courses: Stochastic Processes, Mathematical Models of Financial Derivatives (Univ. of Pisa); Mathematical Finance 2015-2016 (20 hrs), 2016-17 (46 hrs), 2017-18 (30 hrs), 2018-19 (30 hrs) (Scuola Normale Superiore - Pisa); Elements of Probability Theory and Mathematical Statistics 2019-2020 (10 hrs) (Scuola Normale Superiore - Pisa); Quantitative Finance 2019-2020 (10 hrs) (Scuola Normale Superiore - Pisa).
